### Our Year to Date

SSES has had a successful year so far, raising and releasing 340,000 chinook fry and 125,000 coho fry from the Hatchery. Another 50,000 chinook smolts were held in the sea pen and fed until release, so the hope, as always, is a healthy return in three years.

With assistance from many volunteers, 36,000 coho fry were fin-clipped, both to allow sport retention and give an indication of successful return to home water.

With the hatchery quiet for a while, the summer work program can begin, so we're ready for another season of – We Hatch 'em, You Catch 'em.

## JACK BROOKS HATCHERY

This year the Sooke Salmon Enhancement Society raised

- 340,000 Chinook,
- 125,000 Coho, and

... and then we released them into local waters .

We hatch 'em—you catch 'em!

The Sooke Salmon Enhancement Society gratefully acknowledges the following for their assistance with the Derby :

- Chris Craig for the Weigh-In Site
- HHS Drilling & Blasting Ltd.
- Sooke Community Association
