## In Memorium Sooke Salmon Enhancement Society Friends

Les Tickner, long time member of the Sooke Salmon Enhancement Society, passed away March 24, 2014 age 88. He is survived by his wife Flo also a member. Both were avid fishermen. As a matter of fact, Flo says she taught Les how to fish. Les and Flo were very active volunteers at the hatchery toward the end of the last century. He was in the Navy during the second world war and after served in the Canadian Coast Guard. As well, he volunteered at Ayre Manor, the Food Bank and many other endeavours. But he will be remembered best for his faith in his Lord and Saviour Jesus Christ. So, Les Tickner, dear friend, thanks for your service.

## JACK BROOKS HATCHERY

Last year's returning stocks for the Sooke River were about 1,500 Coho and about 500 Springs. DeMamiel Creek's Coho returns were down about 50% because of Fishery's removal of Bill James Dam, the lack of summer water flows showing up in the return of only about 2,500 Coho for 2013, compared to about 5,000 in the past three years when we had the summer water flows from Bill James Dam. SSES released 111,000 Coho, between Sooke River and DeMamiel Creek, of which 35,146 were clipped and released into Young's Lake. We released about 276,054 Springs into the Sooke River and 60,450 Springs from our sea pen project, for a total of 336,504 Springs released into the Sooke area.

We hatch 'em so you can catch em!

The Sooke Salmon Enhancement Society gratefully acknowledges the following for their assistance with the Derby:

- Ministry of Transportation & Infrastructure
- Sooke Community Association
- Helgeson's Oyster Farm
- Sooke Lions Club
